

BRC 46/76 W 18" Self-Propelled Carpet Extractor

BRC 46/76 W Self-Propelled Carpet Extractor

Designed for large carpeted areas

When the job involves large amounts of carpeted surfaces this 18" self-propelled extractor can easily clean up to 8,000 square feet of surface per hour. Large 20 gallon tanks extend fill and empty times, the highly maneuverable design means cleaning in surprisingly tight areas, around obstacles and furniture. Excellent control systems include adjustable brush and vacuum shoe pressures, choice of forward speeds, intermittent or continuous solution flow, even a clean solution tank filter element for protection of the high pressure pump.

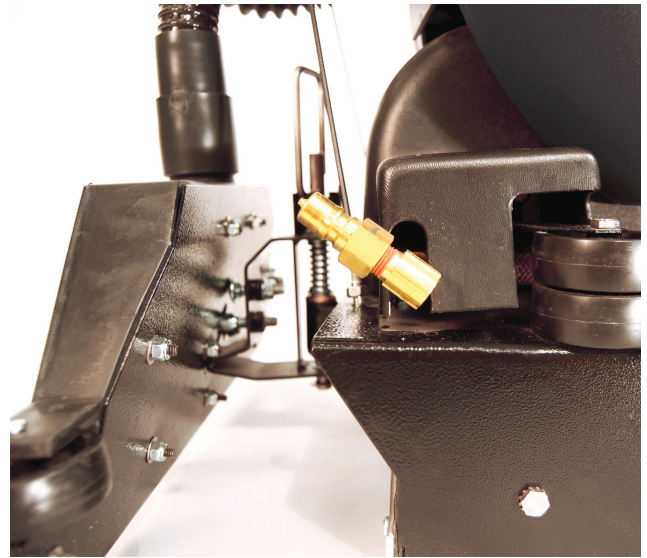

Model	Order #
BRC 46/76 W 20 gallon self propelled carpet extractor	1.008-650.0

Technical Data	
Cleaning width	18"
Brush contact pressure	Fully adjustable
Solution tank capacity	20 gallons
Recovery tank capacity	20 gallons
Tank construction	Rotocast polyethylene
Wheels	2 x 10"
Vacuum shoe	18"
Vacuum motor	1 HP 3- stage bypass
Vacuum motor air flow (CFM)	117"
Vacuum motor water lift	99"
Solution pump	100 PSI
Solution spray	2 quick-disconnect jets
Power cord length	75'
Weight	217 lbs
Dimensions (l x w x h)	49" x 22 x 41"
Warranty	3 year parts, 3 year labour 10 year solution & recovery tank

Standard Equipment	
50' Power cord	8.623-411.0

Applications

- Offices
- Contract cleaners
- Hotels and Restaurants
- Shops
- Craftsmen
- Industry
